Safeguarding and Welfare Requirement: Child Protection

The safeguarding policy and procedures must include an explanation of the action to be taken in the event of an allegation being made against a member of staff, and cover the use of mobile phones and cameras in the setting.

1.6 Use of mobile phones (including smart watches) and cameras

Policy statement

We take steps to ensure that there are effective procedures in place to protect children, young people, and vulnerable adults from the unacceptable use of mobile phones, smart watches and cameras in the setting.

Procedures

Personal mobile phones

- Personal mobile phones belonging to our staff and volunteers are not used on the premises during working hours.
- At the beginning of each individual's session, personal mobile phones are stored in the cupboard in the entrance hall. In the event of an emergency, personal mobile phones may be used in privacy, in the backroom where there are no children present, with permission from the supervisor or deputy.
- Our staff and volunteers ensure that the work telephone number is known to immediate family and other people who need to contact them in an emergency.
- If our members of staff or volunteers take their own mobile phones on outings, for use in the case of an emergency, they must not make or receive personal calls as this will distract them.
- Our staff and volunteers will not use their personal mobile phones (including smart watches) for taking photographs of children on outings.
- Parents and visitors are requested not to use their mobile phones (including smart watches) whilst on the premises. Parents and visitors to the setting will be asked to put their mobile phones into a basket for storage in the cupboard for the duration of their visit. We make an exception if a visitor's company or organisation operates a lone working policy that requires contact with their office periodically throughout the day. Visitors will be advised of a quiet space (the backroom) where they can use their mobile phone, where there are no children present.

Cameras and videos

- Our staff and volunteers must not bring their own cameras or video recorders into the setting.
- Photographs and recordings of children are only taken for valid reasons, i.e. to record their learning and development, or for displays within the setting whilst children are present.
